**How many Bibles do you have?**

Currently 1,900+ languages are without 1 verse of Scripture in their own heart language.

That is over 340 million people. . . How can that be?!!

Here in the West we have the ENTIRE BIBLE ALL 66 BOOKS available to all of us even in many different versions.

That means anytime we choose to, we are able to open our Bibles and take in God's Word into our hearts.

**The REALITY is that is not the case for most peoples around the globe.**

Have you thought about how  LISTENING to your phone might bring God Glory?!

**Your Phone – God's Glory**

[www.mobileministry.org](http://www.mobileministry.org)

**Did you know?** Your mobile phone has way more computing power than the combined power of all the computers that were used in the Apollo space program?

The number of mobile phone subscriptions actually outnumbers the world's population. And mobile phones aren't only good for staying connected with work or catching up with friends: they can be a tool for engaging people with media that effectively communicates the Good News of Jesus Christ.

**You can learn** about some helpful apps & develop some basic skills, such as using Bluetooth & microSD cards to share the gospel in even more amazing ways.
